

# Emergency Presentation Analysis Reports

## Key benefits

- ❑ Find out how your health service performs compared to peers on key emergency targets
- ❑ Quickly identify the leading health services to learn from
- ❑ Understand overall trends in Emergency presentation volume by triage category, month, and time of day

## What you need to do

- ❑ Designate an emergency data liaison person to act as contact for questions and follow-up
- ❑ Review the reports to learn where improvement is needed, and provide feedback on ways to improve reporting
- ❑ Upload data quarterly by the assigned deadlines
