## How to use HRT Data to Identify Exemplar Practices

Following the success of the inaugural masterclass in 2017, we are hosting another masterclass in 2018 to review the last 12 months' reports and help you identify opportunities to optimise the patient journey. We will explore patient-centric analysis and interactive web-based analytic tools. Health Roundtable staff will answer your questions and help you identify the solutions developed by 'exemplar' health services.

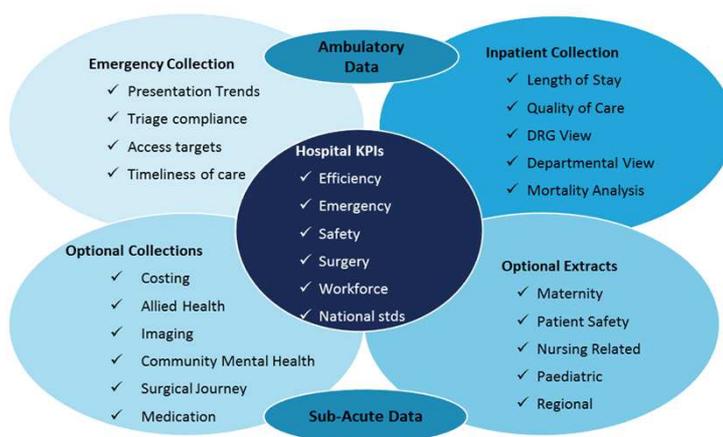

Participants will learn how to use Health Roundtable reports to quickly understand key issues affecting your organisation and how the data can be presented in a way to engage senior clinicians and managers. Interactive workshop sessions will highlight the latest analyses and get your feedback on:

- » Patient-centric analysis
- » Interactive web-based analytics
- » Inpatient care and mortality comparisons
- » Subacute care comparisons
- » Emergency Dept. comparisons
- » Outpatient-care comparisons

*Attendance at this masterclass is a prerequisite for certification as a Health Roundtable Super-User of HRT Data and Reports (being held on 18th May)*

### Overview of Core and Optional Reports

#### Health Roundtable Comparative Data

Hear the latest updates from IHPA and provide feedback on developments

#### The Independent Hospital Pricing Authority (IHPA)

IHPA is an independent government agency established by the Commonwealth as part of the National Health Reform Act 2011. IHPA was established to contribute to significant reforms to improve Australian public hospitals. A major component of these reforms is the implementation of national Activity Based Funding (ABF) for Australian public hospitals.

# Super User Certification

18 May 2018, Brisbane  
Meeting Code HRT1809

## Why Participate?

- ❑ *Test competency knowledge*
- ❑ *Identify the anomalies and findings to ask questions*
- ❑ *Identify priority opportunities for improvement*
- ❑ *Learn how to make the best use of Health Roundtable analytics to address key issues*
- ❑ *Become a Roundtable Super User!*

## What you need to do?

- ❑ *Designate a data liaison representative as a key contact for the Health Roundtable.*
- ❑ *Attend the Annual Data Review Workshop*
- ❑ *Organise group of up to 2 senior end users to attend*

### COST

One day workshop fee is \$A550\* per delegate \*excl GST

### ENQUIRIES

General Manager

New Zealand +64 9 889 2551

[General.Manager@healthroundtable.org](mailto:General.Manager@healthroundtable.org)

In 2018, we are hosting a one day certification training to enable Hospital staff become Super Users of the Health Roundtable data reports. We will help you to review and understand your organisations' reports from the last 12 months. This will follow on from the Data Review Workshop held 16-17 May 2018 in Brisbane.

The certification will involve

- » Structural questioning template (training materials)
- » Pre-work
- » Dive into own reports to answer questions
- » Roundtable data experts to help

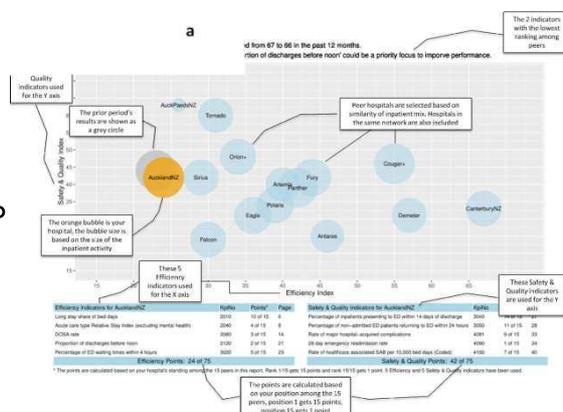

## Structure

- What
- Where
- When
- Extent
- Other safety & quality issues

Using relevant questions for each of the reports, to come to a 'better conclusion' and get clarity.

Please note, this meeting is following on from the Health Roundtable HRT1808 Data Review Workshop held on Wednesday 16<sup>th</sup> and Thursday 17<sup>th</sup> May 2018 in Brisbane.
