

Mental Health Service Improvement Group (B6)

2-3 May 2018, Sydney
Meeting Code HRT1806

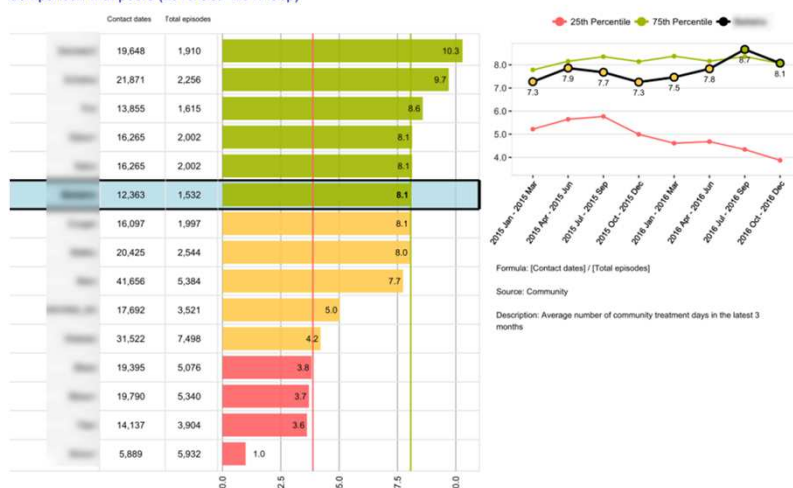

Why participate?

- ❑ Compare your mental health service with your peers on key performance indicators
- ❑ Share issues and innovations with your colleagues
- ❑ Develop practical action plans to improve your service

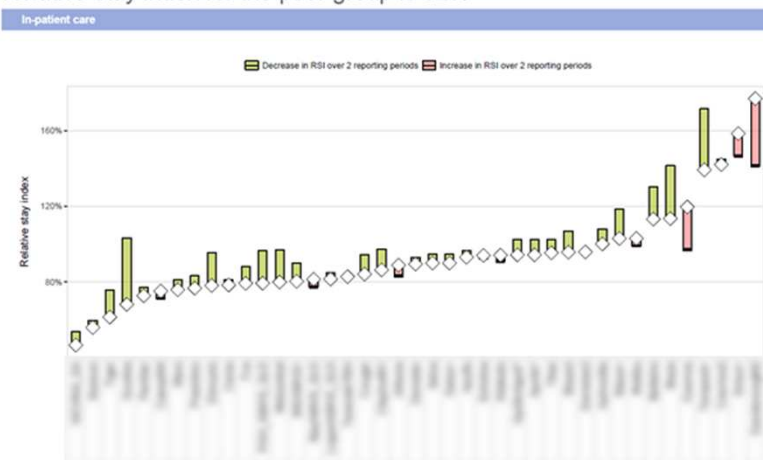

The aim of this Group is to improve the provision of safe mental health services by sharing information on implementing innovative and effective practices. The group receives a series of annual reports that contain both inpatient and community data as well as some outcome measures. Separate reports are provided for adults, aged and CAMHS services. Members share information at an annual workshop.

The 2018 workshop will focus on the special topic of “**Connecting beyond service boundaries for an integrated & consumer centric care system**”. Members will share information on integrated systems and working across service boundaries including engaging with all providers to support best consumer care. Members will share information about their practical experiences and innovations.

● ● ● Average number of community treatment days
Comparison with peers (2016 Oct - 2017 Sep)

Relative stay index for the peer group is 92%

20% drop in RSI across the group since 2013

Mental Health Service Improvement Group

What do you need to do?

- ❑ Designate a mental health contact for each service group to be represented: CAMHS, Adult, or Aged Care
- ❑ Provide an annual extract of your community mental health data for processing, and review draft data reports
- ❑ Report progress on current Aim Statements and improvement plans
- ❑ Organise a delegation to attend the annual workshop—up to four people per stream, including a community agency representative
- ❑ Identify an improvement objective for implementation based on innovative ideas learnt

What does The Health Roundtable do?

- ❑ Extract mental health inpatient data from existing health service datasets
- ❑ Collect and analyse mental health community data, including HoNOS outcome scores
- ❑ Produce reports by Mental Health service group on key performance indicators, and inpatient DRGs
- ❑ Facilitate the annual meeting of each service group, and provide a summary report based on the discussions
- ❑ Provide phone and webcast support to all members to assist with data interpretation

Using the data to drive services

Comments from previous meetings

"This was my first attendance at an HRT meeting. I found it very helpful. I have lots to take back, share and implement."

"The meeting was great - I've been before and always find it useful."

"Excellent presenter and great presentations from members"

The Health Roundtable helps health executives learn how to achieve best practice in their organisations. We collect and analyse operational and clinical data of our member organisations to search for innovations in patient care. We promote collaboration and networking amongst health executives and staff through our roundtable meetings, workshops, and other activities.
